

**tdsb**, Teachers & Educators are

# Counting On You

Everyday, we do our best to ensure students feel supported, connected, and ready to learn.

But the working and learning conditions in our schools make this harder and harder.

**TDSB, we're counting on you to...**

1. ....
2. ....
3. ....
4. ....
5. ....

We want to feel well and be well.

When will you create the conditions for the safety, dignity, health and well-being of us all?
